LINE ITEM	ACTIVITY	QTY	RATE	TAX	AMOUNT
101	<b>Labour</b> Working hard, every day	5 hrs	\$50.00/hr	GST	\$250.00
102	<b>Labour</b> Doing things for the second part	2 hrs	\$100.00/hr	GST	\$200.00
103	<b>Labour</b> The final stages	3 hrs	\$200.00/hr	GST	\$600.00
104	<b>Travel:\$</b> Going here and there		\$300.00	GST	\$300.00
105	<b>Travel:km</b> Going all over	100 km	\$1/km	GST	\$100.00
106	<b>Material</b> The things to install	5	\$200.00/ea	GST	\$1000.00
107	<b>Material</b> Misc material. This is also a super long description which I'm hoping will cause a line wrap or two, but we'll see! If I stop typing now then there might not be enough text and then I'll have to come back here and add more, so I best be sure there is enough text between these quotes to see what I want to see.	1	\$450.00/ea	GST	\$450.00
108	<b>Material</b> Expensive parts! This is another long description. I guess I could copy and paste the last description, but the control key on my laptop doesn't work and the touchpad is a pain to 'right' click with and it's just so painfule to use. I can't even believe I'm programming with it.	10	\$1100.00/ea	GST	\$11000.00
